He mihi mahana ki a koutou katoa—A very warm greeting to you all!

What a busy but amazing two weeks it has been here at James Cook School. A huge congratulations to the teams that participated in the Y5/6 Quads cluster sports competition. Our teams finished an admirable 2nd for hockey, 3rd for netball and 3rd for soccer! I was impressed with the level of support and encouragement that our teams displayed on and off the courts and fields. I want to also extend a huge thanks to Mr Bell and the school councillors who organised the junior and senior discos. I was impressed with everybody's behaviour and dancing skills. The senior student leaders who ran the store and the night must be commended on their efforts. Earlier this week a number of students were awarded with prizes from the Junior Neighbourhood Support group. We had a number of special guests including our local mayor. What an amazing group who support our students and their endeavours! The term has ended with a fabulous Grandparents' Day on Thursday. I was blown away with the sheer generosity of time and effort by some grand and great-grandparents through travelling varying distances to be here for the afternoon. I want to particularly thank those honorary grandparents from the community who came in for the afternoon to fill those spots for children whose grandparents are not near or no longer with us. Have a great holiday!

## Grandparents' Day

What an amazing afternoon was had at James Cook School on Thursday 26th September!

James Cook is a great school and we hope to keep this tradition on an annual rotation. One honorary grandparent came in with a photo of the old staff of James Cook School. His father was the caretaker at the time!

### Young Leaders Award

#### Jacob Douglas

This year Jacob was selected to co-lead our school council. He is a humble leader who sees leadership as an opportunity to provide service to his community. Jacob exemplifies what it means to be a RICHER student. As part of our school culture we expect students to be respectful, show inclusion, work co-operatively with others, be honest and to show endeavour and resolution in their learning and actions.

Jacob uses his artistic expertise to work with the art teacher and share his knowledge with others in our school. He is respectful to all, regardless of ability, he always looks for the positive in what others are achieving. Jacob serves the school through being a road patrolter, a peer mediator and a frequent helper serving food to students at breakfast club. He is held in high esteem by his peers and by his teachers. He leads by example. Despite the extra curricular activities, Jacob is resolute in staying on top of his classroom learning, completing tasks during lunches and taking his learning home. He balances his workload with family time and loves sharing about his weekend activities.
